The County encourages the utilization of locally-owned small businesses as sources of subcontract work. The County notifies all respondents that all firms and/or individuals shall comply with the regulations relative to nondiscrimination in federally assisted programs of the Title VI of the Civil Rights Act of 1964, as amended.

#### **LOCALLY OWNED SMALL BUSINESS PURCHASING PROGRAM RULES AND REGULATIONS:**

- (i) The Administrator of Purchasing in conjunction with the Administrator of EOC shall identify certain goods and services required by the County to be set aside for special purchasing procedures for locally owned small businesses.

(ii) Only certified locally owned small businesses will be allowed to submit competitive bids on the goods or services identified under paragraph (i) above.

(iii) The Administrator of Purchasing shall, in conjunction with the Administrator of EOC, annually review the Shelby County Capital Improvement Program to determine those projects with a construction cost of \$250,000 or more. Contracts amounting to at least ten (10%) of the construction costs of such project shall be awarded to locally owned small businesses as defined herein, except as set forth in sub-paragraph (vi) of this section, either as part of the conditions of the solicitation for general contractors bidding on these projects, or as separate bids issued by the County for subcontracts that may be assigned to general contractors.

(iv) After adhering to all other bidding and purchasing requirements of the County, not inconsistent with this part, if no bids are received from locally owned small businesses, then the County may solicit bids for the goods or services from all other sources.

(v) On all purchases and/or contracts entered into by the County, the Purchasing Administrator or his or her designee shall have the right to negotiate with any supplier of goods or services to the County for the inclusion of locally owned small business subcontractors and/or suppliers in the contract award.

(vi) Failure by a supplier or contractor to include locally owned small business sub-contractors or suppliers in its bid or contract may be grounds for rejection of said bid or contract unless the supplier or contractor can show documented evidence of good cause why none were included.

(vii) Any locally owned small business awarded a contract or purchase order under this section shall not sublet, subcontract or assign any work or services awarded to it without the prior written consent of the Mayor or the Purchasing Administrator.

(viii) As to those purchases below the requirement for a formal bid solicitation (currently, under \$15,000) and not included in the locally owned small business set aside, the Administrator of Purchasing shall determine if any locally owned small business offers that product or service. If so, at least one such eligible locally owned small business should be included in the vendors contacted for an opportunity to bid, and the Administrator of Purchasing may, at his discretion, designate in a purchase order the purchase of such goods and services from the identified locally owned small business.

(ix) In those situations where a locally owned small business as defined herein, engages in open competitive bidding for County contracts, the Administrator of Purchasing shall provide for a preference for the locally owned small business where

responsibility and quality are equal. Said preferences shall not exceed five percent (5%) of the lowest possible bidder meeting specifications. The preference shall be applied on a sliding scale in the following manner:

- a. A preference of up to five percent (5%) shall be allowed for contracts up to \$500,000.00;
- b. A preference of up to three and five-tenths percent (3.5%) shall be allowed for contracts up to \$750,000.00;
- c. A preference of two and one-half percent (2.5%) shall be allowed for contracts up to \$1,000,000.00;
- d. A preference of two percent (2%) shall be allowed for contracts that exceed \$1,000,000.00.

(x) For construction contracts over \$2,000,000.00, the Administrator of Purchasing shall provide for a preference of two percent (2%) to general contractors meeting the requirements of Section 1, Subparagraph B, if fifty percent (50%) or more of the total work comprising the bid has been or will be awarded to certified locally owned small businesses. The fifty percent subcontracting threshold must be met prior to contract execution.

(xi) The Administrator of Purchasing may divide a single bid package for any purchase of goods and services into two or more smaller bid packages in any case that the Administrator of Purchasing reasonably believes that the smaller bid packages will result in a greater number of bids by locally owned small businesses.

(xii) The Administrator of Purchasing, upon approval of the County Mayor, may establish special insurance and bonding requirements for certified locally owned small businesses so long as they are not in conflict with the laws of the State of Tennessee.

(xiii) The Administrator of Purchasing, with the approval of the County Mayor, shall adopt and promulgate, and may from time to time, amend rules and regulations not inconsistent with the provisions of this ordinance, governing the purchase of goods and services from locally owned small business concerns to effectuate and implement the Locally Owned Small Business Purchasing Program within the intent of this ordinance.

(xiv) The Administrator of EOC shall, in conjunction with the Administrator of Purchasing, provide a written quarterly report to the Mayor and Board of Commissioners which shall include a summary of the purchases selected for this program, a listing of the contracts awarded to locally owned small businesses for the period, and the dollar amounts of each such contract, and the percentage which such contracts bear to the total amount of purchases for the period.

Shelby County Government Ordinance # 328 “Living Wages” is hereby incorporated into this Request for Proposal and any resulting contract. ## **VII. GENERAL REQUIREMENTS**

### **a. Background**

It is the intent of the County to acquire an AVL system to be deployed in the SCSO’s first responding patrol units. It is the desire of the SCSO to be able to track the first responding patrol unit without any human interaction in the vehicle. The proposed system should be a fixed mounted solution.

The SCSO operates using a CAD (Computer Aided Dispatch) system supported by Printrak, a Motorola Company, and is presently operating a Premier CAD system with CAD Client v1.6.8.30, Premier AWW v3.3.3.4.1 and Premier ATM v5.7.1.2, and the CAD is currently interfaced with a Premier AVL server utilized by the Shelby County Fire Department and shall be used for this solution.

The proposed AVL system will need to provide the Premier AVL server GPS (global positioning system) coordinates of latitude and longitude with minutes and seconds to identify the location of units, and the Premier CAD system which determine the unit status based on input by a dispatcher into the CAD system.

It is desired that the proposed solution not be tethered or reliant on mobile wireless data devices that would allow the operator of a unit equipped with AVL to disable the unit. Proposers shall describe in their response how the solution proposed negates the ability of the users to disable the AVL features.

The County and the City of Memphis jointly own a Motorola radio system that has one channel dedicated to data using Motorola’s RD-LAP (Radio Data Link Access Protocol). This channel is currently used by the City of Memphis Fire Services Division to with their AVL solution to track the location of its EMS (Emergency Medical Services) units/ambulances.

The Shelby County Fire Department interface with the Premier AVL server via MDT’s uses a public carrier, Verizon EVDO. This is not a desired solution to AVL for the SCSO. The user of the unit can easily disable the AVL function. The SCSO uses Verizon EVDO for wireless data for its MDT’s and laptops. It is in the interest of the County to minimize recurring costs. If optional solutions, using public data systems are provided they should, describe how the transfer of wireless functionality from the laptop/MDT to an external device with minimal disruption of service and functionality will occur without disruption by the AVL unit.

The proposed AVL system is not required to utilize Motorola's RD-LAP to provide a solution, **but** if a public carrier of data for AVL is part of the proposed solution an explanation of benefits and costs, related to same, are to be included in the Proposer's solution. Other wireless data options for AVL will be considered if deemed practical and cost feasible by the County.

Proposals are to include all software interfaces, hardware, data services and installation for 80 first responding units.

The anticipated cost for maintenance and support of the system beyond acceptance and warranty of the system, software, service and hardware beyond the initial term of the 12 month contract proposed for an AVL solution for a four year period for 80 AVL units is required in the proposal.

Tiered pricing for adding AVL units in increments of ten (10) should be included in the proposal for a total of two hundred (200) units that are not first responders.

The Consultant/Proposer(s) considered for the award of the RFP of a negotiated contract with the County for the AVL solution will be required, at the Consultant/Proposer's(s) cost, to demonstrate in live environment on the SCSO CAD/AVL system, that the AVL solution will meet the minimum the requirements of this RFP within ninety (90) days of written notification that the proposal submitted is favored by the County.

#### **b. Scope of Contract**

The County wishes to engage in a contractual relationship with the best-qualified Consultant selected through a competitive process that will work well with the SCSO in a manner that is cost-effective and practical. The Consultant must be prepared to begin immediately upon receipt of a Notice to Proceed. Consultant is expected to conduct field review and meet with all appropriate government officials within one week of receipt of the Notice to Proceed.

#### **c. Project Time Frame**

The term of the project is 12 months and is expected to be completed by December 31, 2008.

#### **d. Reservation of Rights**

The County reserves the right, for any reason to accept or reject any one or more proposals, to negotiate the term and specifications for the services provided, to modify any part of the RFP, or to issue a new RFP.

#### **e. Selection Criteria**

Each response will be evaluated on the criteria outlined in Section XII of this document. Each respondent should set out in it's response to this RFP to clearly identify the qualifications of its company and each individual who will work on this project.

As part of the qualification process each vendor will be required to apply for an EOC # and provide workforce utilization information. Please contact the EOC Administration @ 901-545-4336 to obtain the necessary documents and to ask any questions that you may have regarding this information. The

EOC application is available online at the following link:

During the evaluation process, Shelby County Government reserves the right to consider the vendor's EOC rating in the evaluation.

#### **f. Additional Information and References**

Any additional information that would be helpful to the County in evaluating a proposal, including a list of current and former clients with a similar profile to Shelby County, should be submitted. At least three (3) former clients who have terminated in the last five (5) years should be included on this list.

### **VIII. Award of Contract**

Proposers are advised that the lowest cost proposal will not necessarily be awarded the contract, as the selection will be based upon qualification criteria as deemed by the County and as determined by the selection committee and the County Mayor.
